

POETRY.

Married Girls

How bright the smile, how sweet the word,
Oh do not trust to
To have a who offer you their hearts,
In truth and honesty?
But while love's words are in your ears,
Oh, heed their warning voice!
And do not let one offer slip
To make the better choice.

Get married girls! get married girls!
While you are young and fair—
While youth's bright tint is on your cheek,
Your bow unmarked with care,
While hope still buoy's your spirit up,
Ere you have learned to know
The disappoint all made feel
Whose hope is tinged with snow.

Get married girls! get married girls!
While you are young and fair—
While youth's bright tint is on your cheek,
Your bow unmarked with care,
While hope still buoy's your spirit up,
Ere you have learned to know
The disappoint all made feel
Whose hope is tinged with snow.

Get married girls! get married girls!
For oh, time quickly flies!
A few more years, and spectacles
Will gleam before your eyes!
Those locks which now are glossy,
Will yield to those of grey,
And wrinkles too will mar that face,
Those lovely teeth decay.

Get married girls! get married girls!
For oh, the boys' worst care;
When time leaves wrinkles on your face,
And silver o'er your hair;
How bright the smile, how sweet the word,
How kind the heart may be,
For winning smiles and flattering words,
Then lose their witchery.

Get married! get married! he'll
For oh, 'twill give you sure,
To think of boys you flitted o'er,
But now can flirt no more;
Think that now your youth is spent,
That happy days are almost past,
And you're an old maid at last.

The Bachelor.

A bachelor met by the blessing girl,
And he fell into a snare,
And he dreamed that her his wicked past,
Had been thrown the nuptial cease.

A rosy boy came to his side,
And banded on his knee,
A back from his beaming face he shook
Fair curls in children's play,
I don't love any body else
But you and dear mama."

Oh! the father's heart o'erran with joy,
The heart so long by love untill,
And from its chosen depths poured out,
Affection infinite.

ADVERTISEMENTS.

To the Afflicted!!!

PHILADELPHIA MEDICAL HOUSE—Established 15 years ago by Dr. KINKELIN. The oldest, purest and best to cure all forms of secret diseases, diseases of the skin, and venereal diseases of youth. Dr. KINKELIN, N. W. corner of Third and Union Streets, between Spruce and Pine, 15 squares from the Exchange, Philadelphia. TAKE PARTICULAR NOTICE.

There is a habit which boys teach each other at the academy or college—a habit indulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, indelible, and devastating afflictions. Few of these who indulge in this pernicious practice, are aware of the consequences, until they find the network system shattered, feel strange and uncomfortable feelings, vague fears in the mind. The individual becomes feeble, he is unable to labor with accurate vigor, so to apply his mind to study; his step is tardy and weak, he is dull, irritable, the countenance is downcast, the eyes without natural lustre, shame and modesty are apparent. These are symptoms which should awaken the attention of those similarly afflicted.

Be conscious of the cause of his decay, and having relinquished the edious practice, he suffers under those terrible postural and involuntary emissions, which weaken and shame him, producing mental and physical prostration. If he emancipates himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his home tells him that this is caused by his early follies.

Too many think they will hug the secret to their own hearts, and cure themselves. Alas! how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth.

YOUNG MEN!

Let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever locked the secret of the patient.

COUNTRY INVALIDS

Finding it inconvenient to make personal application, can, by stating their case explicitly, together with all their symptoms, (per letter post paid) have forwarded to them a sheet containing Dr. K's medicines, appropriated accordingly and be cured at home. Strictures of the urethra, weakness and constitutional debility, promptly cured, and full vigor restored. All letters returned.

FORRENT.

Our House now occupied by Frank R. Alexander, is offered either for sale or rent upon very reasonable terms. Apply to JOHN R. ALEXANDER, Charlotte, Nov., 1851.

Sketches of North-Carolina.

BRADLEY FORD, Lincoln Co., N. C., October 25, 1850.

WORK will be published by the undersigned this Spring, entitled as above, giving an accurate account of each county in our State, in alphabetical order, the derivation of its name, date of formation, its Colonial and Revolutionary History, a Biography of its distinguished citizens, an accurate list of its representation in each branch of the General Assembly, its Towns, Rivers, Population, Resources, Products and Topography.

The undersigned has for many years been collecting and condensing the material for this work. The archives of our own State have been carefully examined, and copious extracts made from its records. He has procured from the office of the Board of Trade and Plantations in London many valuable documents, rare and valuable works have been purchased from abroad, touching the early history of our State, each county, which have never seen the light. All such extracts have been published in the Standard and other papers of this State, over the signature of "Tacitus."

The History of North Carolina is yet to be written. The remark which one of the ablest Historians of the age, (Baneroff,) has been compelled to make, that "so carelessly has the history of North Carolina been written that the name, merits and end of the first Governor is not known," is a reflection upon us. An examination of the early history of the counties of North Carolina shows a record of the surest patriotism and indomitable courage. This record is now covered by the dust of age, and unknown by neglect. It is a debt which the present generation owes to the past as well as to the future to preserve these monuments, for it often occurs in the history of our race that facts known to one generation are controverted by the next, and at a succeeding period are considered as doubtful legends, unworthy of historical faith. Our Mecklenburg Declaration of Independence, in May, 1775, had all been an illustration of this truth.

"These are deeds which should not pass away. And names that must not wither; though the earth's furges her empire with a just decay. Theonsiavars and the enslaved, their death and birth."

This work will be illustrated with a Map of the State, from latest surveys, and including the new boundaries to this date, and sketches in Engravings of some of her beautiful scenery. It will contain about 500 pages, and be furnished at one dollar a copy. Subscriptions will be received and the book furnished at different points of the State.

JNO. H. WHEELER, P. S. Editors of the different Presses in the State are requested to copy the above. The Press will receive in this work a sketch worthy of its influence and importance. Those Editors who publish the above four successive times, and send a copy of the paper containing the same, will be entitled to receive a copy of the work as a return for such notice.

HOE & CO'S
Caststeel Circular & Long Saws
THESE subscribers manufacture from the best cast steel, Circular Saws, from Two inches to Five Feet Diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery, designed expressly for the purpose, and are therefore much superior in truth and uniformity of surface, to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated, and produce a saving in timber.

They also manufacture Cast Steel Mill, Pitt and Cross Cut Saws, and Billet Webbs, of superior quality, all of which they have for sale at their ware rooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants, in the United States.

She then procured two bottles of your Abyssinia Mixture from me, which cured her entirely. She has since married and is in perfect good health and happy. The Abyssinia Mixture has likewise proved very efficacious in many other diseases, but particularly in female diseases, in which it should have the preference of all others. Yours obediently,
